WESTERN NIGHT BELLE ARRIVE

President McDonald and C. C. King from Chicago for Roque Tournament—Play Bosworth and Rudd—All Ready for Next Week.

The vanguard of visiting roque players for the national tournament here next week on the Rockwell street grounds arrived Friday morning and comprised National President J. H. McDonald and C. C. King, both of Chicago, and a number of other players headed for the courts on Rockwell street, where they were warmly greeted by the ground keeper, A. W. Dickey, and invited to rest of their coats for a game. A point of difference they commented upon when embarked in their game, was the fact that the bases of the arches on these grounds as compared with the arches on their own courts, making it not quite so easy to put the balls through as on their home grounds. However, they began to solve the secret of just the right stroke needed and will profit in the tournament by the games they were able to play Friday.

In the afternoon Harold Bosworth of New London, who finished second in the first division last year, was on the grounds, and tackled President McDonald for a game. Bosworth was playing his usual beautiful smooth running game and when he succeeded in getting the ball on the side line for McDonald, the young man from New London had run the game. Bosworth showed remarkable skill in his bank shots, three times in succession taking the balls from McDonald on a canon from Springfield. With these two on the grounds it is assured that no one will fall asleep.

It is expected to have much more of the game, according to Secretary N. L. Bishop, and, as in past years, the company has very generously offered to put in a telephone on the grounds during the week of the tournament. This is a convenience appreciated by the players and the press.

Carlton P. Browning, with the assistance of Fred Symington, is to have charge of the soft drinks this year.

BROUGHT ON RELEASE
Brooklyn Young Man Dies at Parents' Summer Cottage at Oswegatchie.

A sudden release, due to over exertion in playing tennis, caused the death on Friday of Clarence Burdick Wilson of Brooklyn, N. Y., at the home of his parents, A. W. and Mrs. D. W. Wilson, at Oswegatchie, N. Y. Death, which occurred at 5.40 a. m. Friday, was due to gastro-enteritis, a disease of the stomach.

The young man had been ill for three weeks from the disease. Tuesday he felt much improved and played about twenty games of tennis. The demand on his vitality brought on a relapse, and there was a steady change for the worse until death came.

The deceased was 19 years of age and was the son of Mr. and Mrs. Charles D. Wilson of 51 South Oxford street, Brooklyn, N. Y. His mother was formerly Miss Minnie Burdick of New London, a sister of Mrs. Charles H. Kilnick of Bath street. He was a junior in the Polytechnic institute of Brooklyn, N. Y., and was connected with the senior class this fall. At school he was prominent in football and basketball.

Besides his parents, an older brother, Edward, and two sisters, Lucille and Doris, survive. The body will be taken to Brooklyn Monday next on the 7.35 train.

CAMP BROWNING RALLY.

Creeds and Original Songs—Medals to Y. M. C. A. Boys.

A Camp Browning rally at the Y. M. C. A. building on Friday evening with 40 boys attending was highly entertaining to the boys and to the audience. The rally was held at Groton Lodge Point this summer. General Secretary Frank H. Merrill was in charge and opened the rally with prayer after which some helpful remarks to the boys were made by C. H. Hobson, chairman of the junior department. The boys received his words with applause and at times during the evening exercised their lungs with the original camp cheer, dinner song and boat song, which made a great hit.

A feature of the evening was the presentation of the medals won at athletic contests at the best of the boys. A gold association watch for first, silver bar pendant for second and bar pendant for the third in each division. The medals were donated by President A. A. Browning, Vice President James L. Case, Chairman Junior Department C. H. Hobson, W. M. McElroy, General Secretary F. H. Merrill and Physical Director G. P. Peckham.

The boys to receive them as they were presented by Mr. Hobson were the following: Division A, first, Carlos Ricker 32 points; second, Howard Benjamin, 18 points; third, Lowell Stark, 17 points.

Division B, first, Harold De Colles, 25 points; second, Charles Colby, 21 points; third, Clarence Sevin, 18 points.

Ice cream was served at the close of the evening.

RAN INTO OPEN SWITCH.

Five Cars of Electric Train Derailed at East Providence.

Providence, Aug. 13.—A Fall River electric train of two cars ran upon an open switch at the East Providence end of the College Hill tunnel this forenoon, started down a twenty-foot embankment, but was stopped when it crashed into a telegraph pole. Two people were injured, but not seriously.

The train was in charge of Conductor George N. Moffitt of Fall River and Charles N. Cole of this city was at the motor. The drawbridge was open when the train came out of the tunnel, and consequently the switch was open. When the train left the rails the motorist stood by his post. There were some twenty passengers aboard the train. Raymond A. Potter in which the road operator, At Petersburg, Va., Raleigh, N. C., Columbia, S. C., Jacksonville, Fla., Atlanta, Ga., and Birmingham, Ala. Judge Leigh B. Watts of Portsmouth, general counsel for the railway company, presided at the various meetings. Other members of the party were F. H. Stedfield of New York, A. N. Wright of Portsmouth, Va., and M. L. Hudgins, secretary to Judge Watts.

In letters to his parents, Mr. and Mrs. Charles E. Brady of Shetucket street, Attorney Brady, who represented the stockholders, speaks enthusiastically of the true southern hospitality with which they were everywhere received on their trip of 12 days. They traveled in a private car with dinner attached, but in every city they were banqueted with the prominent men of the place, making the trip a most delightful and profitable one. The choice of the former Norwich people to have the railroad be a self-evident tribute to its ability.

AT THE THEATER.

Eddie Leonard's Minstrels Were All Topinners.

Eddie Leonard's minstrels opened the Broadway theater season Friday evening before a well filled house which found every minute filled with the finest kind of entertainment from the blackface minstrel. All the way from the solo and chorus work down through the specialties and the new and pretty songs, the troupe was first class and earned the comment that it was one of the best minstrel shows ever seen here.

The chorus was especially fine in its presentation, and Eddie Leonard, of course, led in the solo work with a lot of capable helpers. George Thatcher was as entertaining as only George Thatcher can be, and the specialties in the second half were all given the heartiest kind of applause.

Men's Feet.

Would respectfully suggest to the nerve doctors that they look into the strange mental disease which makes people put their feet in unusual and unseemly places.

They put them on the seats in the cars, they drive them into the backs of their chairs at the movies. Hope they rest their heels on the top of the seat backs in open cars, they sit in all kinds of places with their legs crossed and their feet in the most unseemly places.

At the theater last night, next to me, a young gentleman sat with one foot resting on his knee, his shoe very nearly in my lap, and he seemed to be with the shape of his ankle he had to keep twiddling with his shoe string and shifting his foot to get new points of view.

Finally I said, "Pardon me; don't you think you would be as comfortable with your foot on the floor? Your shoes are very pretty, but not blou enough for me to nurse." Didn't confuse him a bit. He looked at me with darkling eyes and said, "If he would or he wouldn't, he wouldn't put down that foot, and elevated the other into the lap of the lad with him, so that I nursed his knee during the performance."

Also in a restaurant supposed to be patronized by civilized people, saw a gentleman dining, his legs crossed at right angles, one great foot stuck into the aisle to trip waiters and be wiped away in dressers.—Letter to New York Times.

Get rid of all hair or scalp troubles by using Parisian Sage, the remedy that never fails to kill the germs.

For sale by leading druggists for 50 cents a large bottle and in Norwich by The Lee & Osgood Co., who guarantee it to stop itching scalp, falling hair, splitting hair and dandruff or money back.

Parisian Sage is the favorite with discriminating women, for it will make the hair grow luxuriant and beautiful. It is not sticky or greasy but it is a most delightful hair dressing.

"I am a good and true friend of Parisian Sage. It appealed to my scalp trouble at once while I was using the first bottle. I also suffered with an itchingness of the scalp which caused large sores to form. The use of Parisian Sage took away all the trouble, healed and removed the sores, made my head feel cool, and caused the hair to grow in nicely." J. W. Moody, 1906 Bainbridge Street, Manchester, Va., April 2, 1909.
